FINANCE — CREDIT PLANS

There are credit plans to meet your needs, whatever they are.

Flexibility is the key to these plans, which have been devised to make it easier to own the car *you* want whether you'll be driving on business or mainly for pleasure.

Rover Finance Carloan is just one such plan — a car purchase personal loan facility.

It's exclusive to Rover dealers, and can be used for new Rover cars and used cars up to five years old.

And as it's designed for *you*, you can be sure that taking out the loan just couldn't be simpler.

We've kept documentation — written in plain English — to a minimum, and your plan can include extras such as accessories, road fund licence, and vehicle insurance.

And our optional Credit Protection Insurance can also be included (subject to certain simple conditions) to give you complete peace of mind.

Typical APR 21% variable.

Written quotations of Rover Carloan together with details of other facilities, including those for the Business User, are available to anyone aged 18 or over from Rover Finance Limited, 100 Stratford Road, Shirley, Solihull, West Midlands B90 3BH. A guarantee may be required.

WARRANTY

In your first 12 months of ownership you'll have the protection of the most comprehensive first year warranty in the industry.

Like most warranties, you get 12 months unlimited mileage cover. But Rover first year warranty doesn't stop there.

You also get, completely free:

- A six year anti-corrosion warranty.
- AA Membership benefits — AND half price rates for other members of your household.

Those Membership benefits include:

- AA Roadside Assistance, AA Relay and AA Homestart. For complete reassurance in any emergency situation — even for all the annoying little things that happen, like losing your keys, or running out of petrol. In addition, Roadside Assistance is also provided throughout Continental Europe.

Complete peace of mind is yours during the first year of Rover motoring. And the protection goes on. For the second and third year of ownership, Rover Optional Warranty means that you can continue to enjoy the reassurance of trouble-free motoring.

With Rover Optional Warranty, for a very modest cost, the vast majority of your car's components are insured against most mechanical and electrical problems, including the cost of labour. And it does a great deal more too:

- Your AA membership benefits continue; Roadside Assistance, Relay and Homestart (including Roadside Assistance in Europe).
- Car hire contributions if your car is off the road for more than 24 hours.
- No limit to the number or value of claims. And no excess charges to pay.

It makes a lot of sense to let us do the caring while you enjoy the driving.
